Whereas the demand for alternative accommodations has resulted in an increased prominence of residential properties being advertised for short term accommodations through third party companies such as Airbnb and VRBO; a shift from the 'traditional' cottage rental historically managed by a property owner; and

Whereas over the past decade a flood of properties have been removed from the ownership and long-term rental market (Canada Research Chair in Urban Governance at McGill University) contributing to housing shortages, increased housing demands and increased housing costs resulting in housing affordability issues, including affordable rentals; and

Whereas short term rentals (STR) can be beneficial, when operated appropriately, by providing solutions for the accommodation industry that supports local tourism and small businesses as well as providing an opportunity for property owners to generate income from their residence (permanent or seasonal) using a convenient third-party system; and

Whereas STR's can create nuisances including noise, parking, high volumes of visitors attending a property, septic capacity and fire safety, for adjacent residential property owners who wish to experience quiet enjoyment of their property; and

Whereas research indicates that demand for STR's is increasing, in part due to vacationers choosing domestic travel options as well as the financial benefits to property owners, demonstrating that STR's are here to stay; and

Whereas there are no Provincial regulations in place governing third party STR companies resulting in a variety of regulations/guidelines being implemented at the local municipal level which creates inconsistencies, confusion and frustrations for both consumers and residents across the province; and

Therefore, be it resolved that Township of Machar Council calls on the Provincial Government to move forward as soon as possible to legislate all third-party short-term rental brokerage companies, for example Airbnb and VRBO, requiring them to:

- appropriately manage and be responsible for their listings, and to compel compliance; and
- establish a registry system, making it mandatory for each rental listing to register and pay an appropriate annual fee, with the requirement that STR companies are to provide the registry and collected fees to the municipality in which the STR properties are located, allowing municipalities to be aware of all registered STR properties and to have access to funds to assist with the response and enforcement of issues surrounding STR properties; and
- de-list/remove a property from the STR company's listing when a municipality has identified and verified life, health and/or nuisance infractions including noise, fire safety, septic, etc. to ensure a property cannot be rented; and

That a copy of this resolution be sent to all Ontario municipalities for support as well as to the Minister of Municipal Affairs and Housing and Graydon Smith, MPP.
