From
Grace Gudet

Dear Sirs:

I have a pipe under the house that has to be replaced and the water will have to be turned off and on several times for the plumber to replace said pipe. The leak is quite severe and we will have to drain the water before the plumber can get under the house.

I am on a fixed income O.A.S. and it will be a strain on my budget to pay \$60 each time to shut Water Valve.

I am requesting that you exempt me for these payments
Grace Gudet.

Any questions
please call me
at

Thank You
for Considering
my request.

Grace Gudet
