Part of Lot 19, Concession 13
Municipality of West Elgin

Please be advised that staff have undertaken a file search with respects to the above noted property and its relation to the Conservation Authority's "Prohibited Activities, Exemptions and Permits" regulations , O.Reg. 41/24 under the Conservation Authorities Act. The Conservation Authority is responsible for addressing the Natural Hazard Section of the Provincial Planning Policy Statement as well as administering the Conservation Authorities Act and its associated Prohibited Activities, Exemptions and Permits regulation (O. Reg. 41/24).

After reviewing our files and mapping, the staff have no objections to the proposed application and that the property is not subject to the Authority's regulations.

The lands are not subject to flooding of a general nature and therefore the flood proofing of structures on the property is not required. However, the flood proofing of structures for the purposes of prevention of flood damage from local drainage waters is always recommended.

Please be advised that the subject property is located in an Event Based Area [EBA] and an Intake Protection Zone [IPZ] as identified through the Lower Thames Valley Assessment Report in the Thames, Sydenham and Region Source Protection Region. For further information regarding this matter and how it may affect any proposed development please refer to the Thames, Sydenham and Region Source Protection website at www.sourcewaterprotection.on.ca.

I trust this is satisfactory, but if you should have any questions, or require more information, please call the office.

Yours truly
