May 20, 2025

To The Municipality of West Elgin:

I thought I would begin with a little background about myself...I was 7 years old when my family moved to Rodney, in 1972, from Dorchester. My parents are still living in the same house that I had grown up in. My siblings still live in West Elgin, as well as most of their children. We all love and care about our community. My Dad had built a very successful business here, I worked for him as well as did other family members. He was in business for many years and is now retired. I'm semi retired, but I always like to keep busy, so I'm thinking of starting up a part time small business. One of my goals is to bring more businesses into West Elgin, especially downtown to fill up those empty store fronts. When I was younger all of the stores were full and the towns were busy. I have been working since I was 15 years old. My first job was at one of the grocery stores in Rodney. I worked after school and on weekends. For 6 months of the year tourism had our community extremely busy. West Elgin needs to bring back and utilize the campgrounds with all the campers and tourists. They are still there, but we are not providing them and our community with a variety of businesses to come eat, shop and enjoy our towns. We need to entice the tourists to spend their money in our community. My background in jobs include farm worker, factories, grocery stores, manager, family business, real estate agent and have had my own business as well. I have always given my time through volunteer work:

- Coached Soccer--2 years
- Fair Board--4 years
- Gymnastics Board--2 years
- Soccer Board--2 years
- West Elgin Skating Board--7 years
- Parks & Rec Board--4 years
- Arena Board--3 years
- Kent Region Board--4 years

In conclusion, I have lived here most of my life to see the changes that have happened over the years. Some of the changes have been good although looking back at what worked in previous years may bring back some of the charm and appeal to attract more potential income. I believe that it is extremely important to preserve our history. I have some ideas how this could be implemented and would like to hear of different ways to bring our history to our community. I believe with a few tweaks here and there West Elgin can be even better. I would like to help the council members do the best for the majority of people. I just want to help where I can.

Thank you for your consideration.

Teri Fletcher
