**Subject:** Re: Community Grant Applications

Once again thank you from the West Elgin Legion Branch 221 for the \$3,000 Community Grant. Since we were unable to complete the project which we were going to use the money for we were wondering if Council would permit us to carry this grant into 2021 at which time we should have the funds to complete the new boiler system at the legion. Could you take this request to council and advise us if this would be permitted.

Wendy Swan, Treasurer as per President Joe Santos.
