ROMA Launches its 2022 Virtual Conference

The ROMA Board is pleased to announce the launch of the 2022 Annual Conference and General meeting: **ROMA 2022: Rural Opportunities** to be held January 24 - 25.

The conference will again be a virtual event that municipal leaders can join safely from anywhere in Ontario. Given the evolving COVID-19 pandemic, and the unpredictable public health environment months from now, the decision to go virtual provides an important level of certainty for those attending or presenting at the event.

The ROMA Conference will again offer informative and engaging content on rural priorities, with a focus on rural economic recovery and growth following the pandemic.

The annual ROMA Conference is an important platform for the municipal community to learn, connect and advocate on matters related to rural municipal government. It is also the last opportunity for municipal leaders to gather on mutual issues of interest before the provincial election in June.

Registration is now open, and early bird rates are in effect until November 1.
