Hi, Bill.

I remember the conversation.

My research confirmed the original cemetery was registered with the Cemeteries Unit in 1993. Additional land was purchased on speculation to be added to the cemetery at a later date but there is no record that this additional land was ever officially attached or registered with the Bereavement Authority of Ontario. My research shows no consent to increase the capacity of the cemetery was ever issued.

This land was never registered or used as cemetery land. No closure is required.

Best Regards,

Hi Ray!

I trust you are doing well!

Regarding the below correspondence, I was hoping to get your take on this.

In summary:

Rodney Cemetery purchased adjacent 7 acres in 2007. Parcel remained separate tax roll number and taxes have been paid on this parcel.

We have completed a needs assessment and determined that the over 2 acres of vacant land we possess (separate from 7 acres) meets the needs of the community for many generations.

I believe what I require to move forward with this land sale is a statement from the Bereavement Authority of Ontario that this land sale does not constitute a "cemetery closure" as the land was never used as cemetery, only owned by cemetery.

I welcome your thoughts!

Bill
